

UI - Project 1

Kitchen Cupboard

Assumptions/features

- locks/unlocks
- lets you know when opened/closed
- lets you know when things are taken/put back
- instantly locates items inside

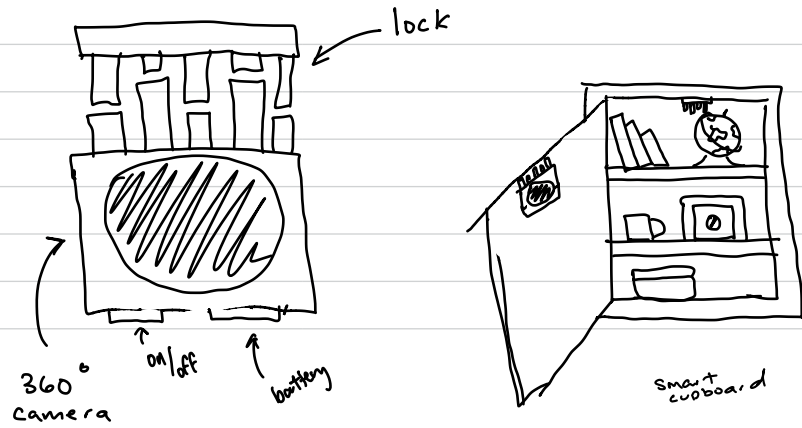

Affordances

- mounted to wall
- large
- hollow
- Can be closed/opened

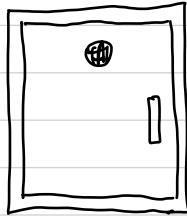

User Needs

- space efficient
- able to read what's inside
- take note of who took what, when it was took, when it was put back
- able to lock
- alert if broken into

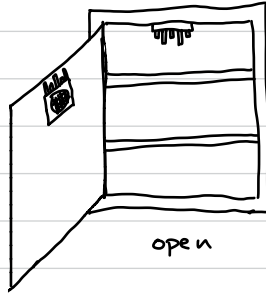

Mock up

UI

closed

open
